## About me

I'm an IT enthusiast and hungry learner. My passion for web development and programming bring me to Birkbeck University of London where I'm currently studying. I'm seeking the opportunity to work on new projects for a professional and personal growth. I possess excellent communication skills and can liaise effectively with both clients and work colleagues.

## Education

### Foundation Degree in web development

Birkbeck University of London

### Diploma Scientifico Informatico (IT)

Liceo statale T. Parentucelli
